Illinois Investor-Owned Hospitals: SUPPORTING PATIENTS AND COMMUNITIES

Illinois Income Tax Credit for Investor-Owned Hospitals

- ▶ The goal of the tax credit is to encourage charity care and investment in communities.
- ▶ The tax credit is estimated at \$15 million annually for investor-owned hospitals.
- ▶ The tax credit is limited to the lesser of charity care (measured at cost) provided or property taxes paid during the tax year. So, if a hospital provides **no charity care**, it receives **no tax credit**.

THE LEGISLATION SUNSETS FOR TAX YEARS ENDING ON OR BEFORE DEC. 31, 2022.

Renew the **ILLINOIS INCOME TAX CREDIT** for investor-owned hospitals so they can continue to care for their communities.

In 2020 IL Investor-Owned Hospitals:

Provided **\$194M** in community benefits and charity care, in addition to **\$121M** in care for patients who did not pay their bills.

Paid **\$32M** in state and local taxes.

Directly employed **10,400 staff** and spent **\$1.7B** annually in the local and state economies—with a total economic impact of **25,300 jobs** and **\$4.1B** in annual spending.
