

Date: December 05, 2023

Time: 10:00 AM

Virtual - 10-11 a.m.

This program is complimentary for IHA-member hospitals and health systems.

This webinar will be recorded and a link to the recording will be available for 60 days after the program.

While the pandemic led many nurses to retire, more recent issues such as workplace violence are contributing to a mounting shortage of nurses in Illinois hospitals and nationwide. The nursing shortages isn't new, yet changes in employee expectations demand new solutions to recruitment and retention. In an IHA webinar sponsored by Medical Solutions, the company's chief nursing officer will empower hospital leaders to select the strategies that best fit their organization and community. With new tools in hand, leaders can build their own sustainable pipeline of nurses, invest in employee development and foster a positive environment for nurses.

*This event is sponsored by Medical Solutions.*

At the conclusion of this session, participants should be able to:

- Review pre-pandemic staffing challenges.
- Describe the factors contributing to the complexity of today's challenges related to staffing.
- Identify short-term and long-term recruitment and retention strategies organizations can implement.

The webinar will benefit hospital leaders organization-wide, including those in:

- Administration
- Nursing
- Human Resources

**Patti Artley, DNP, RN, CPN, NEA-BC**

*Chief Nursing Officer, Medical Solutions*

Artley directs the Medical Solution's clinical and performance management teams while providing the clinical voice on an executive level. She has been a registered nurse for over 35 years and has served in a variety of nursing and clinical leadership roles, including Chief Nursing Officer for a statewide hospital system. Artley has also served as the President of the South Carolina Organization of Nurse Leaders and is a member of several committees at the state and national level focused on workforce and building creative staffing solutions.

Artley has been a featured presenter and speaker on topics such as nursing, healthcare models, healthcare staffing and clinician safety since 2007. She is also listed as an author on a peer-reviewed article in the *Journal of Pediatric Medicine*, and as an author on three manuscripts under review for peer-reviewed healthcare journals.
