IHA's Regional Hospital Leader Meetings are an important opportunity to provide feedback and help shape IHA's advocacy agenda and ensure we are addressing the top issues facing your organization.

Led by IHA's chair officers, the virtual meetings will lead off with a 2021 year in review and a look at the state's political environment, followed by a discussion of our 2022 state advocacy agenda. Members can share feedback on two important issues that will be key to the success of our 2022 agenda: the Hospital Assessment Program and Nurse Staffing – Senate Bill 2153 implementation. We want to hear how these specific issues are impacting your organization and your thoughts on how we should address them during the coming year.

The agenda includes an open forum.

These meetings will benefit:
